The "Treble Makers" elementary choral group (pictured above) funded by Tri-Creek Education Foundation made their debut performance.

In addition, donated pieces of art work were raffled as well as other artistic displays from local artists.

This was a cultural family event that offered something for everyone. Last year this one night event was attended by 1,000 people. The event provided an opportunity for all ages to enjoy the arts on the local scene.

The Midwest Collage Society Exhibit is another art event for the entire family. The show is at the Indiana Welcome Center located at I-

Wisconsin, the majority hailing from Illinois and the Chicago area.

All members are professional artists who exhibit regularly in urban and suburban galleries. Many exhibit in other states, and a few exhibit internationally. The backgrounds of our members are varied, and range from those with graduate training in the fine arts to the self-taught. Many work in fields outside of the art-related professions. The diverse experience of our members is one of the

wide range of materials. Our artists typically add paper elements to water-based media, and use canvas, paper, wood, masonite, fabric, and recycled objects at platforms. Members apply various collage techniques to incorporate image and text transfers, handmade papers, vintage text, photographs, maps, found objects, beads, fibers and metals.
